

Mr [redacted] *wd 5/6 & MAY 1971*

SSA —

I didn't realize we had coordinated a message last week. Regardless of that I would have thought we should have seen the rewrite or at least had a call to say what changes were made.

Has the business of holding new people been

discussed with us — seems much too arbitrary & inflexible !??

Did we ever draft a message to replace the earlier one?

What is status of

[redacted] planning [redacted] 25X1A6a

25X1C4a

I'm confused & not a little frustrated.

Remarks: The cable on top (DIR 137255) was released without coordination with either SSA or DD/S. The second cable attached is the one you non-concurred in last week. I failed to make a copy of the cable that Mr. Wattles coordinated on last Friday, however, I did compare it with the second cable attached and noted that a few words were changed in paragraph 1, that paragraphs 2 and 5 and the first sentence in paragraph 3 were eliminated from the message Bob coordinated on. Everything else remained the same.
